USA (GB) Each K'NEX piece has its own special color (colour) and shape; match it to pieces in the picture instructions. Put pieces together exactly as pictures show. Faded colors (colours) indicate sections previously built; points of attachment will be in full color (colour).

F Chaque élément K'NEX a une forme et une couleur qui lui sont propres. Faites correspondre et montez les éléments en vous conformant exactement aux instructions illustrées. Les couleurs plus claires correspondraient aux sections déjà construites et les points de jonction sont indiqués en couleurs vives.

I Ciascun pezzo di K'NEX ha un colore ed una forma diversi; far corrispondere ciascun pezzo al corrispettivo nelle istruzioni figurate. Montare i pezzi esattamente con riportato nelle figure. I colori schiariti indicano le sezioni già assemblate; i punti di collegamento sono illustrati a colori vivi.

D Jedes K'NEX-Stück hat seine eigene besondere Farbe und Form; finden Sie die entsprechenden Stücke in der illustrierten Anleitung. Setzen Sie die Stücke genau wie auf dem Bild dargestellt zusammen. Die farblich heller gekennzeichneten Teile zeigen bereits zusammengebaute Abschnitte an; die Anbringungspunkte sind in kräftigen Farben angegeben.

E Cada pieza K'NEX tiene su propio color y forma particular; combinala con las piezas en las instrucciones ilustradas. Arma las piezas exactamente como se muestra en las ilustraciones. Los colores pálidos indican las secciones que ya se armaron y los puntos de conexión figurarán a todo color.

S Varje bit i K'NEX har sin egen färg och sin egen form; matcha den med bitarna i illustrationen till instruktionerna. Sätt ihop bitarna precis som bilden visar. Mattare färger anger sektioner som redan har byggts; monteringspunkterna kommer att vara i full färg.

N Hver K'NEX del har sin egen, spesielle farge og form, som skal koordineres med delene i bruksanvisningene med bilder. Delene må settes sammen akkurat slik som bildene viser. Bleke farger henviser til seksjoner som har blitt bygget tidligere; festepunktene vil bli fremvist i sterke farger.

DK Hvert K'NEX stykke har sin egen særlige farve og facon. Afsæt stykket med vejledningen på billedet. Sæt stykkerne sammen nøjagtigt som billederne viser. Nedtonede farver indikerer afsnit, som allerede er sat sammen; samlingspunktet vises i fuld farve.

SF Jokaisella K'NEX-osalla on oma värinsä ja muotonsa; sovita se kivan ohjeiden mukaan. Pane palaset yhteen kuvien osoittamalla tavalla. Haalistuneet värit osoittavat aikaisemmin rakennettuja osia; liitäntäkohdat ovat täysvärisiä.

NL Elk K'NEX onderdeel heeft zijn eigen speciale kleur en vorm; vergelijk ze met de onderdelen in de instructie-afbeeldingen. Zet de onderdelen precies volgens de afbeeldingen in elkaar. De vaal gekleurde gedeelten zijn al eerder gebouwd; de bevestigingspunten zijn in volle kleur weergegeven.

P Cada uma das peças K'NEX possui uma cor e forma próprias; compare-as com as peças apresentadas nas instruções. Monte as peças exatamente como indicado nas fotografias. As cores mais esbataidas identificam as secções já construídas; os pontos de encaixe aparecem em cores vivas.

G Κάθε κομμάτι έχει το δικό του ξεχωριστό χρώμα και σχήμα για να το ταιριάζετε με τα κομμάτια που βλέπετε στις οδηγίες. Συνδέστε τα κομμάτια όπως ακριβώς δείχνουν οι οδηγίες. Τα σβησμένα χρώματα δείχνουν τα τμήματα που έχουν ήδη κατασκευαστεί. Τα σημεία σύνδεσης φαίνονται με πιο έντονο χρώμα.

TR Her K'NEX parçasının ayrı bir şekli ve terilenlerle eşleştirin. Parçaları aynen resimlerde gösterildiği gibi birleştirin. Soluk renkler daha önceden monte edilen kısımları gösterir; geçiş noktaları tam renkli olarak gösterilmiştir.

J K'NEXの各部品は、それぞれカラーや形状が異なります。各部品を説明図と照らし合わせて確認してください。部品は図にしたがって正しく組み合わせてください。薄いカラーで表示されている部分は、すでに組み立てられた部分です。接続する部分は、実際のカラーで示されています。

CHI 每一片 K'NEX 塑膠的顏色和形狀皆不同；請依圖片指示拼裝。完成品須與圖示一模一樣。褪色處表示先前已拼好，連接處則以鮮明顏色標示。

IL לכל חלק של K'NEX צבע וצורה מיוחדים משלו. התאם אותו לחלקים המופיעים בהוראות שבתמונות. חבר את החלקים בדיוק כפי שמראים בתמונות. צבעים דהויים מצביעים על חלקים שנבנו קודם לכן. נקודות החיבור מופיעות בצבע מלא.
